## Storm Leaves 7.01 Inches Precip As Wind Lashes Area

**Another 12 inches of new snow fell Monday to bring the total on the ground at the forest service to 22 inches for the storm. The wet snow added another 2.44 inches of precipitation to the 4.57 inches for the season to bring the total to 7.01.**

It was a long, hot summer and from all early indications it will be a long, wet winter in this area.

The first major storm of the season in the Truckee area blew in over Donner Summit Sunday bringing ten inches of snow, the first of the season, with 1.36 inches of precipitation to bring a total for the season Monday morning to 4.57 inches the U.S. Forest Service at Truckee reported.

There was considerably more snow on Donner and in the Tahoe and Squaw Valley ski areas, bringing delight to winter sports enthusiasts.

Although a blizzard developed Sunday evening, at times obscuring vision ,there were no major accidents on the highway and through the effective efforts of the division of highways and the highway patrol, the roads were kept open and traffic moving.

**POWER OUTAGE**

The blizzard conditions in the Truckee area resulted in power lines being shorted out by falling trees and limbs and ice coated wires and the Truckee Public Utility crews were out throughout the worst part of the storm. Power was off on two occasions for about an hour each time between 6 and 11 p.m.

County road crews were out all during Sunday night and for the most part, streets and roads were cleared by early Monday morning, with plowing continuing throughout the day.

### 20 Inches At Tahoe

TAHOE CITY — Snow on the ground at Tahoe City, on Tuesday was 20 inches, with 13½ inches of new snow being realized by the storm on Sunday and Monday, precipitation amounted to 2.46 for this period.

The level of Lake Tahoe was 6225.73, with 149 cf leaving the gates. Low temperature was 11 degrees on Tuesday while high for the week occurred on the 19th at 54 degrees, according to Daryl De Walt's office at Tahoe City.

## General Plan Maps Shown At Meeting

At the last meeting of the Nevada County Recreation Commission in Nevada City, new business included the presentation of the general plan for the county.

William Roberts, county planning director, presented special study maps for Grass Valley and Nevada City. The final draft of the general plan shows major recreational, historical, N.I.D. and major winter sports areas.

Roberts said that a general plan must be adopted before there can be a development of the recreational areas and the planning commission at that time had no plan for adoption. Dr. H. P. Tapia of Truckee, chairman of the commission, asked what the planning commission expected from the plan and Roberts said the memebrs must review the plan before any action can be taken.

The next recreation commissioin meeting is scheduled for December 20.

## Alaskan Film

"Artic Safari", an outdoor film acclaimed as probably the most action-packed and exciting as has been photographed in recent years, will be shown at Tahoe Truckee High School at 8 p.m. on Saturday, November 26.

The one hour and 45-minute film is all-new in full color and sound. It is party documentary, part adventure part educational and part travelogue. Unusual for this type of presentation is the direct sound track which brings to the audience a chilling scream of the bald eagle — along with the hair-raising growls of bears and other sounds peculiar to the far north country.

### GRANITE BENCH FOR HOSPITAL GARDENS

TAHOE CITY — Drectors of the North Lake Tahoe Chamber of Commerce have voted to share the expense of a granite bench, hand crafted by Ruhkala Brothers of Rocklin for a special landscaping of the gardens at the Tahoe Forest Hospital.

The quarry has a special order from Washington, D. C. for one of their landscaping projects.

Daven Morey, president of the Truckee Donner Chamber and Don Lindstrom, president o fthe North Tahoe chamber, will present their gift to the hospital in the near future.

## Student Dies In Gas Filled Garage At Meeks Bay Home

Funeral services were scheduled this week in Auburn for Miss Susan Durham, 19, a junior at the University of California at Davis and resident of Auburn who died Friday from what officers said appeared to be a suicide.

Miss Durham, an honor student at Placer High School in 1964, was found dead or near death in a garage of the Meeks Bay home of her grandparents, Mr. and Mrs. M. A. Hollenbeck of Auburn. The garage doors were closed and the motor of a car left running causing fatal inhalation of carbon monoxide gas. Officers said she left a note.

Miss Durham was the daughter of the late Mr. and Mrs. Robert Durham. In addition to her grandparents, she is survived by a brother, Robert Durham of Grass Valley.

The young victim was rushed to Tahoe Forest Hospital for treatment but was pronounced dead on arrival.

## Truckee Still Top As Port Of Entry

The Truckee department of agriculture quarantine station again last month checked more cars entering the state than any of the other 17 stations.

There was a total of 166,159 vehicles checked through the station, of which 159,399 were autos, 6,077 trucks and 683 buses. There were 700 lots of plant material intercepted at the station.

A total of 860,406 vehicles passed by California's 18 border quarantine stations during October, with nearly half the total on three highways.

The busy spots were Truckee on I-80, Yermo on U.S. 91, and Meyers on U.S. 50.

The October totals of 810,377 automobiles, 45,691 trucks and 4333 buses compared with 790,136 autos, 43,669 trucks and 4142 buses for the total of 837,947 a year ago.

## Nevada Fishermen License May Rise

Assemblyman Gene Chappie stated that he will introduce legislation at the next session of the Legislature to increase non-resident fishing license fees.

Chappie said: "It has come to my attention that out-of-state residents, particularly from the State of Nevada, are flocking into California and fishing out our streams and lakes. These non-residents are in actuality being subsidized by California fishermen."

"As an example," continued Chappie, "non-resident children under 16 years of age are not presently required to have a fishing license or pay a license fee. Non-resident youths under 16 fishing with their parents are thus able to take out one limit per day for as long as they remain in California.

"I will introduce legislation providing for a revision of the fishing license fee schedule pertaining to non-resident fishermen. The California fisherman will be the direct beneficiary of this legislation in that more funds wll be available in order to increase the stocking of our California lakes and streams."

### SKI INSTRUCTORS IN SQUAW VALLEY MEET

SQUAW VALLEY — Instructors and examiners of the National Ski Patrol System completed training sessions in Squaw's storm-swept Siberia Bowl over the weekend.

The 19 participating senior patrolmen were declared qualified to pass judgment on applicants for patrol membership during testing clinics scheduled later in the season.

Officials said capable patrol applicants are being sought to bolster the Far West's membership of 575. Additional men and women first aid experts are badly needed to fill out trailsweep groups at numerous areas.

The Queen of the Snows Catholic Church in Squaw Valley was the setting for the noon nuptial mass Rose Ann Powers and Thomas William Ellis. The newlyweds will make their home in Grimes.

## Motel Man Killed In Gun Accident At Home In Tahoe

Apparently the victim of an accidental shooting in his home near Tahoe City, Robert E. Eberhard, 43, was killed Saturday evening as he prepared to go on a hunting trip Sunday morning.

The bullet from a .45 calibre revolver struck him in the head inflicting instantanious death. Mrs. Eberhard, who was in another room, said she heard a thud from the closet where her husband was collecting hunting gear and she discovered the body.

The body was taken to the Truckee Colonial Mortuary and later removed to Colfax.

Eberhard, who operated a motel at Lake Tahoe, also conducted an electrical contracting business. The family had been at Lake Tahoe for about 17 months, coming here from Los Angeles.

Besides his wife, Marguerite, the deceased leaves two children.

## Ski Patrol Meet Will Plan Year's Program

A meeting of the Tahoe City Ski Patrol will be held Wednesday, November 30 at 7:30 p.m. in Room 119 at the Tahoe Truckee High School for the purpose of outlining plans for the season and to register patrolmen.

Leon Lucchesi is patrol leader and urges all patrolmen and potential patrolmen to attend the important session.

## Squaw Is Proposed For Games Training

TAHOE CITY — The Greater North Lake Tahoe Chamber of Commerce, in reference to news of a possible U.S. summer Olympics training site at South Lake Tahoe next summer, has been told by New York Olympic officials that no group has been authorized to investigate sites in the Lake Tahoe area.

The North Lake Tahoe chamber has invited the U.S. Olympic medical and training committee to investigate possibilities at Tahoe City and Olympic Village at Squaw Valley.

Betty Layton, secretary of the North Lake Tahoe chamber said she talked by telephone with the assistant director of the U.S. Olympic Committee, who said the committee would be happy to get the invitation. He said he knows of no site committee doing any investigative work.

The 1968 summer Olympics are scheduled for Mexico City, which has an altitude of about 7,400 feet. Lake Tahoe and Squaw Valley are above 6,000 feet.

Training for the 1968 games is expected to start next September.

### SIGNS WILL POINT TO SIERRA JR. COLLEGE

In the very near future, signs will be erected along Interstate 80 showing the way to Sierra College according to a letter from Director of Public Works John Erreca, to Sierra College President Harold M. Weaver. Himes Road signs will be changed to read Sierra College Boulevard as a result of an investigation by the department of public works which found the change advisable. The district office in Marysville has been authorized to proceed with the preparation of plans prior to the awarding of a contract for new signs.

The Sierra College Boulevard designation is the result of recommendations from students at the college and many people in the community. With formal approval now a reality the Sierra Campus will be easier to locate by the many visitors who are unfamiliar with this area.

### INHERITANCE TAXERS WILL LOSE POSITIONS

SACRAMENTO — (CNS) —State Controller-elect Houston I. Flournoy, holder of the 1966 "Upset of the Year" record, has lost no time in assuring California he will follow through on his campaign pledge to abolish the present system of inheritance tax appraisers.

## Officer Maynard Hurt In Accident

Officer Carroll Maynard, veteran of the Truckee squad of the California Highway Patrol suffered serious but not critical injuries Saturday at 11:50 p.m. when his car was demolished in an accident near the Donner Lake Interchange on Interstate 80 near Donner Summit.

Maynard, who was taken to Tahoe Forest Hospital, was in pursuit of a violator when a second vehicle approached and in taking evasive action, he lost control and the patrol car plunged over the embankment.

A second patrol officer in the vehicle, Walter Barrus, was not injured.

### JOINT STUDY GROUP MEETING DELAYED

INCLINE VILLAGE — The California-Nevada Joint Lake Tahoe Study Committee postponed until Dec. 1 its meeting here in the Lake Tahoe Hotel.

The committee is charged with creating legislation for both state legislatures to set up a bi-state agency to control the development of the Lake Tahoe basin.

The Dec. 1 meeting may last three days. Representatives meeting here in October thought it would complete the committee's work and its report and recommendations could be ready for distribution in December or early in 1967.

### CONDOMINIUMS AT TAHOE ARE STARTED

TAHOE CITY — Tahoe Tavern Properties has begun work on five four-plex condominiums on California 89 south of Tahoe City.

Three of the lakefront buildings will contain 6,988 square feet and were valued by the Tahoe City Placer County building inspector at $71,220 apiece.

Contractor is Carl Sjoberg and Son of Redwood City.

### HALE CHAMPION IS FIRST TO RESIGN JOB

SACRAMENTO — (CNS) — The No. 1 man in the outgoing administration of Governor Edmund G. Brown has submitted his resignation, effective Jan. 2.

That is Hale Champion, director of finance, administrator of the revenue and management agency, and generally considered to have been the controlling interest in Brown's government for at least the past four years.

**In Hospital —**

Patricia Thornton, secretary for Truckee Donner Recreation and Park District ,has been ill since Friday with food poisoning and was in the Tahoe Forest Hospital for treatment.

## Answers Given To Most Questions In Tahoe Bond Issue

To give voters of the North Tahoe Public Utility District answers to some of the more important questions concerning the bond election on December 6, the bond committee, headed by Fire Chief Curtis Hart of Kings Beach, has prepared a list of questions and answers which are being circulated.

Any additional questions may be asked of any member of the committee or by calling the office of the district.

The two issues, one for the sewer improvements for which $1.9 million will be required and the second for the water bonds in the amount of $510,000, may be voted upon separately, although passage of both are vitally important to the North Shore, Hart pointed out.

Two of the most important questions being asked concern the cost of the water bonds. The first is: Will the installation of adequate water mains and fire hydrants reduce our insurance costs? The answer provided by the committee is: Yes, the saving will be approximately double what the cost will be to each owner for the water bond.

The cost of the water bond retirement will be 31 cents on each $100 of assessed valuation, the committee said.

The present mains do not provide adequate domestic water for new construction or fire protection but with the proposed improvements there will be about a 95 per cent coverage of the district by fire hydrants, Hart explained.

**SEWER BOND QUESTIONS**

Q. What is the purpose of the sewer bond election on December 6?

A. To decide whether the District should be authorized to issue bonds to the amount of $1,900,000 for present and future construction of an expanded sewerage sytsem.

## Steps Are Taken To Obtain Land For Donner Ramp

Indications are that every legal effort will be made to take advantage of the state's offer to provide $50,000 for a modern boat ramp at the west end of Donner Lake despite opposition from the Donner Lake Development Company.

Last week the company notified concerned agencies, including the Truckee Donner Recreation and Park District, sponsor of the ramp project, that it would oppose the project, charging that it owned the land required and the bed of the lake.

Supervisor H. G. Loehr said that for some time he has been attempting, through a title company, to determine the ownership of the land bordering the lake on the north side thus far has not come up with a legal opinion.

At the same time, the California Department of Small Crafts and Harbors notified the district superintendent, Dr. H. P. Tapia, that the promised $50,000 would be held pending outcome of a research on the land ownership or until July 1 next year. Tapia also let it be known that in response to an inquiry directed to the development company concerning the possible purchase of the beach at the west end of the lake that the directors were not presently planning any sale.

The letter from Parker Adkisson, secretary of the development company, indicated that no sale would be considered pending the completion of the sewer line around the lake and the development of streets and roads in the area.

Both Dr. Tapia and Loehr indicated that the program for the boat ramp is not yet determined and that they will do all legally possible to find a favorable answer.

## Committees May Aid County Jobs

William Roberts, planning director for Nevada County, has asked the board of supervisors to appoint committees to assist the county planning department in the preparation of an economic development plan.

Roberts told the board that the plan, when completed, would be used to obtain federal funds in the form of grants and loans designed to improve communities and reduce unemployment rates.

He said that Nevada County now needs to supply 640 jobs to county residents to bring the county's unemployment rate up to the national average of four per cent. By 1970, he said, the county will need 1,920 jobs to meet the national figure.

Roberts suggested that two or three members from each of the five supervisorial districts be appointed with the appointees being familiar with the county's needs in transportation, manufacturing and public utilities. The board agreed to come up with recommendations in the near future.

### TESTIMONIAL DINNER FOR AL BEQUETTE

Reservations for the testimonial dinner to be staged for Albert Bequette, retiring Placer County Superintendent of Schools, will be accepted on a first come — first served basis, it was announced today by Carlin C. Coppin, chairman of the planning committee.

Bequette, who has served as school chief for 20 years will be honored at the event scheduled for Thursday, December 15, in the Home Economics Building on the Auburn District Fairgrounds. A no host cocktail hour will be held from 6 to 7 p.m., with dinner to follow at 7 o'clock. Admission will be by reservation only, Coppin said, and the deadline is December 8.

### SIERRA TEAM WILL PLAY LETTUCE BOWL

Culminating their eighth consecutive win over Shasta last Saturday 13 to 12, the Sierra College Wolverines have been invited to play Hartnell College in the Lettuce Bowl on Saturday, November 26 at 1 p.m. in Salinas.

Coach "Buzz" Ostram's Wolverines won every conference game this season for the Golden Valley Conference Championship.

Tickets for the Lettuce Bowl Game are available from Sierra College and may be obtained from Mr. "Bud" Alman, at the college for $2.50 each.

### TWO ARE CONVICTED IN ASSAULT CHARGE

TAHOE CITY — William Ralph Ford, 23, and William Kenneth Ford, 20, of Olympic Valley, Placer County, were convicted in Tahoe City Justice Court of assault and disturbing the peace.

Each was given a year's probation and fined $115.

The charges involved an incident October 29 in a Tahoe City cafe.

## Bond Questions

Continued from Page 1

The plan for first step improvements would require the issuance of $500,000 in bonds.

Q. Why do we need a sewerage system?

A. To protect our health and preserve the beauty and clarity of Lake Tahoe. In addition, a community system is much more economical than individual septic tanks in the long run.

Q. Is there really a threat to the clarity of Lake Tahoe?

A. Most definitely! All experts agree that the lake will "eutrophy" (grow algae and become green and murky) unless sewage nutrients are prevented from entering the lake.

Q. Don't septic tanks and treatment plants take out these nutrients?

A. No! as long as the effluents or outflow from these tanks and plants are discharged in the lake drainage basin, either above ground or below ground ,the nutrients will reach the lake.

Q. What exactly does the project include?

A. It consists of an interceptor system which will be the main sewer line to disposal area outside the Tahoe Basin.

Q. Is the federal government helping on the project cost?

A. Yes. The federal government will pay at least 30 per cent of all project costs. We have strong hopes of getting even more Federal aid on future projects.

Q. Isn't the state also helping?

A. Yes. The State of California has authorized a $2,000,000 loan to the Tahoe City and North Tahoe Public Utility Districts to help get the project started. These will be long term, low interest rate loans.

Q. Don't we have to pass this bond ssue to get federal and state monies?

A. Yes! If we don't approve the bonds, we don't get the government grants and loans.

Q. How does the Tahoe City Public Utility District fit into the picture?

A. Since they will also be using a part of the facilities to be constructed, they will share in the costs. This makes the entire project much more economical for us.

Q. Will the project be big enough to take care of growth?

A. Yes. All facilities are being planned to serve a populaton expected in the year 2000. However, in order to spread the costs, some items will be constructed in stages as the need develops, but planned for such expansion.

Q. Will the entire bond issue be sold immediately?

A. No. The bonds will be sold only as needed to pay construction costs in order to save interest. Some of the money will not be spent for several years. There will be no cost to taxpayers until after the bonds are sold.

Q. When will the project be placed in operation?

A. The present schedule calls for the start of construction next year.

Q. How much will this project cost us taxpayers?

A. The project wll be pad for as follows: An initial tax rate of approximately .64 per $100 valuation, which will decrease as time goes on.

Q. How much will this amount to for the average taxpayer with an assessed valuaton of say $2500.

A. Cost to each family is estimated at $16.00 per year on the average. This will decrease with time.

Q. Why should I support this bond issue if I'm already served?

A. Because this project will permit extension of service, thereby enlarging the tax base, and providing more economical service; your present costs will go down in the future. If it fails, your costs will most certainly increase.

Q. Why do you say the tax rate will decrease?

A. Because the total assessed valuation of the district will increase as the boundaries are extended and improvements constructed.

Q. How big will the distrtict be?

A. We plan to annex the area from National Avenue to Dollar Point, so as to achieve the minimum per capita costs.

Q. Does this project include all facilities necessary for connecting our houses to the system?

A. No. It does not include the street laterals to which houses are connected in the area to be annexed. Street laterals will be paid for through assessments, the same as they were in the original District.

Q. Why is a yes vote so important?

A. First, because time is running out — we must act now if we are going to protect the beauty of our lake.

Secondly, because construction costs are continuing to rise, and the project will cost more later.

Third, because we will lose a substantial amount of federal and state financial aid if we don't act now.

Fourth, Tahoe City has already passed bonds. If we fail to join them, our costs to go alone would be much greater.

Ah, it helped to Think Snow! That beautiful white stuff has covered everything now and skiers should be happy.

The official opening of three resorts has been planned for Thanksgiving, Shasta, Heavenly Valley and Squaw Valley.

The traditional early season races are scheduled too. A pheasant at Heavenly Valley Saturday and a turkey race at Squaw Valley Sunday.

Winter sport shows and ski swaps are over so we can get down to the serious thinking of the 1967 ski season.

Many complaints were heard about the California Winter Fair held in San Francisco over the weekend. Too little parking, too little space, too hot, and too little entertainment, so heads went together the last day and it looks like Masonic Hall on California will have had it's last ski show. Next year it's almost certain to be back at the Cow Palace.

Northern California and Nevada Winter Sports Writers Association met at the Iron Horse Friday evening for their first get-together of the season. Featured speaker was Luggi Foeger formerly of Alpine Meadows, now at Incline Village, Nevada. He told of the tremendous equipment ready for use to make artificial snow, but with this new cover, looks like they won't be needing it this season.

We're anxious to ski there, it looks like a real great spot for a lot of good skiing and fun.

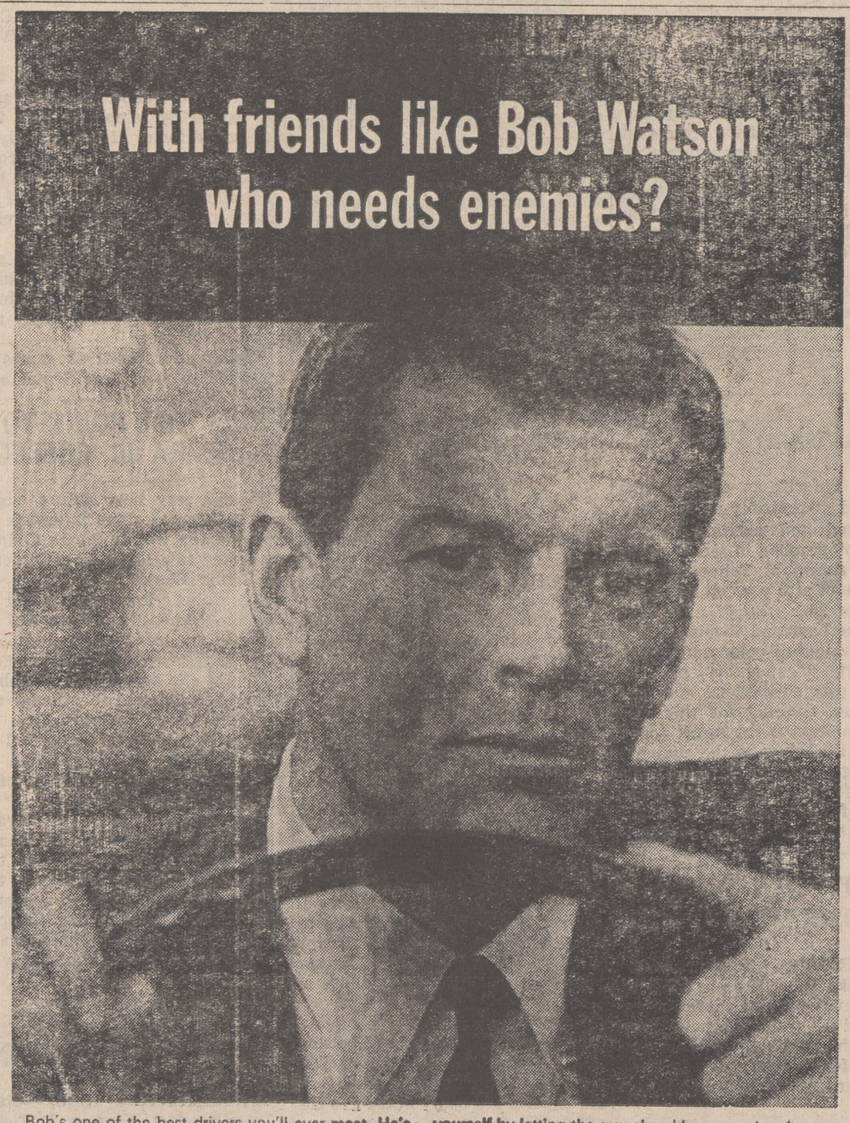
With friends like Bob Watson who needs enemies?



Bob's one of the best drivers you'll ever meet. He's never had an accident—never even had a parking ticket. But even the best drivers make mistakes once in a while. And when they do, you've got to be ready for it—by driving defensively.

When you're passing another car, defend yourself by letting the guy ahead know you're about to pass. Use your horn or lights. And make sure no one's trying to pass *you* at the same time!

Avoid trouble by anticipating it and you won't end up on the receiving end of some other guy's goof. Not even if he's your best friend!

Watch out for the other guy!

LUNCH TIME . . . Montagnard refugees eat rice at a temporary camp site in Vietnam. They left their village to ask aid from Special Forces patrol. They were provided with transportation to another village in a safe area.

Gail and Velma Bishop and children Steve, Kathryn and Susan are Incline Village residents. Gail being business representative of operating engineers.

Velma and Millie Adams of Incline also, are assisting with the Nevada State Children's home and the Eagle Valley Childrens Home. The Eagle Valley Home was given the home and grounds by private individuals and an educational trust fund to which donations are accepted, furnishes financial assistance to children over 18 years f age who leave the home and wish to further their education. This home is the only one in this area for the mentally retarded and consequently it needs all the publicity and assistance possible.

John Uhalde, Tom Kavanaugh and Greg Engelhard of Incline Village along with Velma are trustees for the fund.

## 2 Musical Groups Featured at Lodge

CRYSTAL BAY — Two colorfu musical groups entrance audiences this week at Nevada Lodge, North Lake Tahoe's largest year 'round resort hotel casino.

Nevada Lodge's Topaz Room echoes to calypso beats and Hawaiian melodies, stemming from the lively Senators quintet and the Naida and Nano Trio. Both groups share the spotlight, bringing to the North Lake Shore area bright new sounds seldom heard before.

From the Fiftieth State comes the Naida and Nano Trio — three Hawaiians who breathe their island flavor into both Hawaiian and Mainland tunes. They come to Nevada Lodge after successful engagements in the Western United States, including Las Vegas' Dunes Hotel.

Beauteous Naida is an exciting, vibrant songstress and dancer — and a skillful virtuoso on cocktail drums and bongos. Nano's guitar mastery drives the group to great heights; he also contributes his singing voice. The oft-maligned ukelele is superbly played by Mickey Lyman, regarded as a leading virtuoso on the deceptively simple instrument. It is said that a ukelele in Mickey's hands is like a 12-string guitar in ordinary hands. The Trio's repertoire is by no means limited to Hawaiian songs; they render a complete range of standards and contemporary hits with a Pacific flavor that is truly unique.

Caribbean color comes with the Senators — five Jamaicans featuring a finely tuned steel drum played by Eustace Thomas. They regale audiences with a wildly exciting array of melodies and songs, plus authentic Limbo dances. Both groups will appear nightly at Nevada Lodge through December 5.

## AFFAIRS OF STATE

by Henry C. MacArthur

SACRAMENTO — (CNS) — One thing appears fairly certain in the political transition of state officials from democrats to republicans now shaping up in Sacramento, somewhat slowly, and that is that the emphasis on new executives in the administration of Governor-elect Ronald Reagan will be on youth and vigor.

This is something of a new procedure in the administration of state government, a procedure not followed in the past by politically-minded candidates who viewed election to the office of governor as an invitation to carry out the old shibboleth which pointed to the concept of "to the victor belong the spoils."

When the search by Reagan for administrators of state agencies and departments comes to an end, it is almost a foregone conclusion that the new appointees will be men of youth, vigor and primarily ability.

Such men are difficult to locate, and in many instances, they may have to be persuaded to donate their services to the state at some cost to adcancement and financial aggrandizement in private industry.

The governor-elect's penchant for young and vigorous executives could, if carried out, spell the end of the practice of rewarding political hacks for their services in a campaign. It would mark recognition of that fact that the administration of state government is in fact, the administration of the biggest enterprise in the state of California itself.

The handling of nearly five billion dollars annually in any enterprise is big to say the least, much larger than the operation of any private enterprise in California.

Coupled to this fact is the problem of directing administration under the state's board of directors, which is the California legislature, and co-ordinating all of the checks and balances of state government imposed by the law-making body.

So far, Regan's few appointments have been young men, apparently anxious to carry out the new governor's aims and aspirations for the handling of a "creative society".

And it is known that names now being submitted to the governor-elect and his screening committees includes young and forceful executives who have had some years of experience behind them, but who are still young enough to accept the new ideas and operations of the "space age".

Reagan says that in the case of the new republican administration, "it must change the entire attitude and approach of government." He points out that the changes will not come about as the result of waving a magic wand, and he has no illusions that it can be accomplished overnight.

But a beginning is necessary, he declares, and such a beginning is in the offing following the inauguration next January.

# THE GOLDEN YEARS

## HOUSEBREAKING A HUSBAND — THE KEY TO GOLDEN YEARS

The class on "How To Housebreak a Retired Husband" will now come to order:

Your first step, about a week before your husband comes home in retirement, is to secretly appoint yourself Chairman of the Board — your husband is going to be pretty bored for a few months. Then, as Chairman, set the policy for your house.

This policy should include — but not be confined to — the following:

"My Beloved Husband —

"As of 24 hours following your retirement, the policies stated below will be in effect:

"1. You will wear your shoes at all times except when you are in bed. Occasionally, you may kick them off at 10 P.M. while watching television.

"2. You yourself will empty all ashtrays dirtied in the daytime. I will continue emptying them in the evening and on weekends.

"3. You will not — repeat NOT — ever appear in the living room in your undershirt.

"4. You will stay out of my kitchen (as I will stay out of your workshop) unless invited, or unless you have chores there that have been previously agreed on.

"5. You may try to cook from time to time, and I will clean up your messes. But under no condition will you cook within two hours before or after mealtime.

"6. You will help me make the bed daily. Not to save half my time, but three-fourths of my time. So efficient is four-hand bed-making that two people can do it in a fourth the time it takes one.

"7. You will shave daily, except in exceptional cases.

"8. You will stop any dirty job you are doing at least 30 minutes before any meal, and make yourself presentable to come to the table. One night each week you will wear a shirt, tie, and jacket at dinner. Once each month you will take me out to dinner — if only to a drive-in hamburger stand.

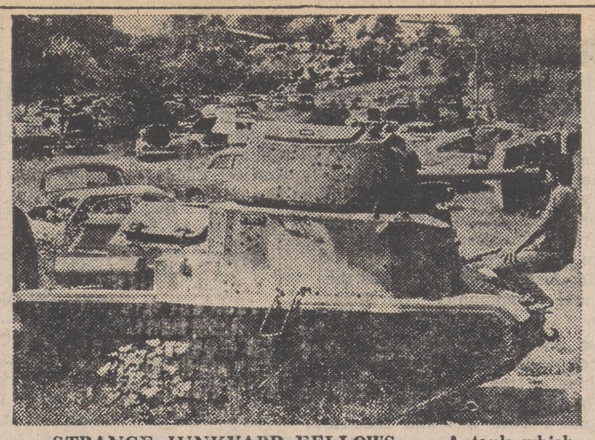
"9. You will be allowed to complain only two days about any ailment you have, after which you go to a doctor.

"10. You will be allowed to act like a juvenile-out-of-school for two weeks after you retire, then fall into deep gloom for three weeks thereafter. Then, you snap out of it and start living.

"Your Devoted Wife"

Within the framework of this policy, you wives should lure your retired husbands into sharing the housework. Because it's fair, but also because they will actually like it. You should let them subscribe to two newspapers, so they'll have something to talk about except themselves, and watch daytime TV so they'll stay out of your hair. You should take afternoon naps with them . . . for a while . . . if they want to. You should use all your social wiles to help them make friends because they're going to need some. You should demand that both husband and wife have three hours a day free of each other, to pursue personal affairs.

For the GOLDEN YEARS 36 page booklet, send 50c in coin (no stamps), to Dept. CSPS, Box 1672, Grand Central Station, New York, N. Y. 10017.



STRANGE JUNKYARD FELLOWS . . . A tank which has seen the last of its movie career days shares Rome "cemetery" rights with a group of cars which have ended their road careers. The tank has been through many wars — but only on screen, never for real.

## SCHOOL NEWS

(Continued from Page 2)

othy Smeltzer, Pamela Blndren, Jeri Wofford and Andrew Carpenter did star number papers.

Second Grade, Mrs. Read — On a two page science test on aviation those receiving 100 per cent were Mark Bechdolt, Megan Evans, Glen Poulsen. Those missing only one were Becky Marier, Anne Gardner, Danny Baker, Kathy Kearns, Hank Wright and Bruce Tomlinson.

President this week was Bobby VanWetter. His helpers were Judy Everhard, Drew Briner and Glen Poulsen. David Onorato was librarian and Kelly Hagadorn and Robbie Ransom were ball monitors.

Second Grade, Mrs. Steinhauser —Those who made 100 per cent in spelling are Scott Tanner, Lisa Tayor, Eric Klaussen, Julie Wofford, Melvin Haas, Richard McManus, Kelly Cole, Lana Hamilton, Glen Hicks, Stacy Brixey, Patrick McCafferty, Tim Carnell, Tami Williamson, Sharon Burdick and Mark Gregor.

Our president for the last two weeks was Eric Klaussen. His helpers were Valerie Wightman, Susie Vanni and Scott Tanner. Brent Bonino has been helping while Valerie was absent.

Third Grade, Mrs. Carnell — Newly elected officers are: Paul Baker, president; Kathy Klaussen, vice president; host, Michael Evers; hostess, Monica Grigoleit; ball monitors, Patty Long and Joe Champion; musical director, Kristen Streepey.

Fifth Grade, Mrs. Kelly—Thanks to all the parents who attended our P.T.A. program last Wednesday. The children enjoyed putting on the program for you.

Now that the program is over, we are back to the central farming region in social studies. On the final test given on this region Peter Joohnson and Tim Peterson had the only perfect papers. Missing only one or two answers out of fifty were Mike Allen, Bill Alrich, Meredee Baker, Henry Barwin, Kurt Boyer and Shawn Gordon. Showing the greatest improvement in geography are Mike Files, Lance Collins, Jeff Duttweiler, Mike Gill, Frank Nash, Linnea Williams and Larry Harrington.

Excellent progress in reading is being shown by Larry Harrington, Dallas McPherson, and Tim Peterson. Our two "most improved athletes" are Kurt Boyer and Mike Allen.

Sixth Grade, Mrs. Gardner — We had a social studies test this week and the only A grade was made by Marie VonDerAhe and the only B plus was made by Sandy Keechler.

In P.E. the girls are playing volley ball and the boys are playing basketball.

The people that got A's in the spelling test today were Diana Hammer, Sara Ford, Danny Hauserman, Becky Orton, Brad Jorgensen, Sandy Keechler, Sonya Kimball, Kenny Nichols, Mark Novak, Marcine Paterson, John Phelan, Alan Plumbridge, Lisa Vanni and Marie VonDerAhe.

**TRUCKEE SCHOOL**

Mrs. Scott, Second Grade — Best spellers are Darin Bue, Carl Crane, David Daniels, Randall Harris, Aldo Nevarez, Gerardo Saldivar, Nick Sassarini, Mark Patton, Mont Leach, John Worley, Heidi Boeff, Suzanne Boren, Robin Crose, Jody Dumas, Kathy Free, Heidi Harris, Sharon Martello, Betty Small, and Bernice Vierra.

Mr. Hisken, Seventh Grade — We are very glad to welcome Keith Miller and Mike Landers to Truckee Elementary School.

In a recent health test Denise Clepper, Lauri Fitzgerald, Linda Free, Jennifer Hamlet, Judy Price, Ida Reichlin, Sheri Sassarini, and Ronnie Tune received A's.

Mrs. Small, Eighth Grade — Our new class officers are: David Kent, president; Harold Silva, vice president; Peggy Westbrook, secretary; Efren Perez, treasurer.

The people who scored highest on the history test were: Nola Houlgate, David Greene, and Terry Bell.

## Plaque Is Awarded For Highway Safety

A plaque for superior accomplishment in the field of safety has been awarded to District 3, division of highways, headquartered in Marysville, for achieving one million on-the-job hours without accident.

Only five such plaques have been awarded in the 61-year history of the California Division of Highways and District 3 in Marysville now holds three of them.

The award was presented to W. L. Warren, district engineer, by Deputy State Highway Engineer J. P. Murphy at a recent safety meeting. Warren and his staff of 1400 persons have responsibility for design, construction and maintenance of all highways and freeways in 11 counties in the Sacramento Valley and Sierra mountain regions.

## ONE CAR IN FOUR HAS MECHANICAL TROUBLE

SACRAMENTO — (CNS) — The California highway patrol reports that about one car in every four inspected has defective lights or windshield wipers, which makes them ill-fitted for winter driving.

The CHP has inspected just over 800,000 vehicles since the program of random roadside inspection began on May 1. Of this number 303,185 vehicles have been found to have defective equipment.

This included 190,000 vehicles with defective lights and 41,000 with defective windshield wipers.

"This equipment is essential n winter driving," Bradford M. Crittenden, CHP commissioner said. "Through our inspection procedures, those defects found have been corrected. But those drivers who haven't had their vehicles inspected yet should make certain of their own safety and see that their equipment is up to standard."

---

AUBURN — The Placer County Personnel Department has set dates for applicants to file for coming job examinations. November 30 is the final date to file for legal stenographer, December 2 for cadastral draftsman, December 3 for junior cadastral draftsman and December 5 for administrative analyst.

## Road Improvement Planned By State

SACRAMENTO — The California Highway Commission today allocated $482,000 for placing a thin blanket-type surfacing on 54 miles of highway in El Dorado Glenn, Nevada, Placer, Sacramento, Sierra, Sutter and Yolo Counties.

Thin blanket surfacing is one inch in thickness and is intended to improve the riding quality of roadways which are otherwise structurally sound and to reduce maintenance costs.

Two thin blanket projects on Route 267 run between the main line tracks of the Southern Pacific Company in Truckee and 0.4-mile southerly in Nevada County and between the Nevada County line and 4.5 miles southerly in Placer County.

A Route 89 job will resurface between 6.7 miles north of Truckee in Nevada County and 6.4 miles north of the Nevada County line in Sierra County.

In a project in both Nevada and Placer counties, Route 20 will be resurfaced between 13.8 and 0.2-mile west of the Interstate 80 freeway.

## Johnson To Serve Holiday Pageant

Congressman Harold T. (Bizz) Johnson of the second, mountain-valley counties, district has accepted an invitation to serve on the honorary Christmas Pageant of Peace Committee sponsoring the holiday festival which features the National Community Christmas Tree.

The nation's Christmas tree, a 65 foot red fir known as the George Washington tree was cut a few days ago by special National Park Service and Pacific Gas and Electric Company teams at Emigrant Gap. The tree now is en route to the nation's capital where it will be lighted in international ceremonies December 15th.

Congressman and Mrs. Johnson participated in the tree cutting at Emigrant Gap, the birthplace of Mrs. Johnson.

Once the tree is erected on the Ellipse between the White House and the Washington Monument, the nation's Christmas Tree will be decorated with from 5,000 to 6,000 lights in soft colors of yellow, red and white, including lighted metal stars. Small trees representing each of the 50 states will be decorated with about 250 blue, green and clear lights. In all, approximately 8,000 to 9,000 lights will illuminate the scene.

To complete the Pageant set-up, Santa's reindeer will be placed in a corral and properly identified by name to delight the children. These reindeer, a gift from Alaska, are kept at the National Zoological Park in Washington during the year. There will also be a life-sized Nativity Scene floodlighted at night. A traditional Yule Log fire will burn throughout the Pageant to provide warmth and cheer.

## REGIONAL PLANNERS WILL MEET DEC. 21

INCLINE VILLAGE — A meeting scheduled here by the Tahoe Regional Planning Commission was postponed until Dec. 21.

Members of the commission are appointed planners from Placer and El Dorado Counties in California, and Washoe, Ormsby, and Douglas Counties in Nevada, all of which include parts of the Lake Tahoe Basin.

The Dec. 21 meeting tentatively was scheduled for the Incline Village Racquet Club.

**To Auburn —**

Mr. and Mrs. George Knoff left this week for Auburn where they plan to spend the winter.

### RACE CALLED OFF

Ron Gautsche was in southern California during the weekend to take part in a auto race. He was up among the first place drivers in the contest when rain caused a halt in the races and they were called off. They will be run again this weekend but the local speedster does not plan to enter.

### TREE HITS CAR

Mr. and Mrs. Leon Lucchesi were surprised Wednesday morning when they were preparing to leave for duties as teachers at the high school, and found the top of a tree, broken off under the heavy snow on top of their car.

### CALL FOR ACTION

SACRAMENTO — (CNS) — Governor-elect Ronald Reagan has called for repeal of provisions of the law which require school districts to vote on unification proposals every 2 years and deny them state financial aid if they do not unify.

### ATTEND CONVENTION

Fire Chief Curtis Hart of Kings Beach, Al Henry of Tahoe City and Robert Butler of Squaw Valley last Friday attended the annual meeting of the Northern California Fire Chiefs Association at Caravan Inn in Sacramento.

### SUIT FILED

Lucy Mae Roach has filed a $35,000 personal injury suit against Glenn William Burkhart and four Does as the result of a traffic accident on State Highway 89 in eastern Placer County last summer.
